

ARCHITECTURAL AUDIO

PRO SERIES

EVERYDAY PERFORMANCE. CLEAN ARCHITECTU

The DITO PRO Series is designed for whole-home audio, music and everyday entertainment. Trimless magnetic grilles keep the installation visually quiet, while a focused range of driver sizes helps professionals match output and low-frequency performance to each room.

CURRENT MODELS

PRO-400

Compact trimless in-ceiling loudspeaker for discreet background audio.

PRO-650 v2

Balanced 6.5-inch model for distributed residential audio and entertainment.

PRO-800 v2

Larger 8-inch model for greater output and low-frequency extension.
